

8701 SK SS WP

Mesh Chair

Body mesh upholstered back with mechanical height adjustable lumbar support. Contoured seat cushion with "waterfall" style edge.

Sustained comfort high performance Airro chair offers ergonomic, long term seating comfort. The range of chair adjustments meets most of each individual's needs in today's diverse workforce.

Seat firmness seat's shape and firmness are designed to counteract "the sinking into seat" effect.

Mechanism provides a unique ride that eliminates the excessive pressure under your legs just behind the knees, which is usually felt on most tilt mechanisms. It comes equipped with a five-position PBR (positive back release) locking device, and pneumatic height adjustment. Several separate back adjustment options and integrated seat slider.

Option: Airro 8701 SK SS WP with headrest

SK	synchro knee tilt control mechanism	SS	seat slide control
LBH	automatic lumbar height adjustment	C3	3" multipurpose casters
40	SPY base	UF	upholstery fabric
WP	pivoting-sliding width adjustable armrest	UM	upholstery mesh
